## OBJECTIVE

Acquire a full time position as a software developer to increase the company's overall quality of life and my programming knowledge

## EXPERIENCE

### **Verizon, Parma — Sales Associate**

July 2021 - Present

I am a sales associate at Verizon Wireless in Parma where I sell phones and other devices to consumer and business accounts along with setting up accounts and service with Verizon.

### **Doordash, Parma — Food Delivery**

October 2020 - May 2021

I was a self employed Doordash driver and took orders from restaurants and delivered them to customers.

### **Hollister, Strongsville — Cashier and Stocking**

July 2020 - September 2020

I worked at Hollister as a summer job and was mainly a cashier but also stocked the men's section of the store.

## EDUCATION

### **Valley Forge High School, Parma Heights — High School Diploma**

GPA: 3.50

August 2016 - May 2021

### **Cuyahoga Community College, Parma Heights — Working toward Associate's degree in computer programming and development**

August 2021 - Present

## SKILLS

Computer Knowledge

Good communication

Leadership experience

Work well with a team

Customer service

## AWARDS

Believe In Ohio Regional  
Competition Scholarship

First Ring Student  
Leadership Institute  
Selection

OHSAA Archie Griffin  
Sportsmanship Award

## PROJECTS

### **Believe In Ohio STEM Commercialization Plan — *Quick Pin***

This was a project in my school's Engineering class to create a product that could be commercialized. My project was essentially a tool used to safely unplug pin connections inside of a computer. My project made it through the regional competition and competed in the state level competition.
